Dear USD 343 Families,

Our schools will be administering the mySAEBRS universal screener through FastBridge during fall, winter and spring. mySAEBRS is taken by students in grades 2-12 and takes approximately 5 minutes to complete. mySAEBRS is a universal screener of student risk for social-emotional and behavioral problems. It is designed to identify school, class, and individual level social-emotional learning needs. It is also a tool used by USD 343 to ensure that schools are trusted as safe places by students.

We believe this survey is a valuable tool because mySAEBRS can be used to identify students who are at-risk for social, academic, and emotional behaviors. Rather than make a subjective judgment about a student, this survey allows us to better understand whether the student feels he/she is at risk in the following areas (social, academic and emotional). By allowing the student to self-evaluate these three specific behavior domains, it helps us determine what type of supports are most appropriate and which problem behaviors should be prioritized through intervention. For instance, if a student is only at risk for social problems, then we may decide to target social behaviors via the application of social-emotional learning (SEL) programs. It also allows us to determine student strengths, which might result in a student leadership role.

Important information to note:

1. mySAEBRS may be completed using a computer or tablet. Ratings (Never, Sometimes, Often, Almost Always) correspond to the student's perception of the frequency of various behaviors in the previous month. If interested, you may review the short survey and all questions [HERE!](#)
2. Participation is important. This data is extremely helpful in identifying needs and providing timely support and resources.
3. Participation is voluntary and your child may decline to participate.

Additional information can be found on the Fastbridge webpage by clicking [HERE](#).

If you have any concerns or questions, please contact the school counselor.

If you prefer to opt your student out of this survey now, please click [HERE](#) and complete the Parent Opt-Out Form. A copy of your response will be sent directly to the school. If you have more than one student, once you complete the first opt-out survey, you will be given the option to submit another response.

NOTE: You will need to provide you email address to confirm your entry.

Best wishes,
