- 8.1 Each teacher will be granted thirteen (13) days of leave. Unused leave may be accumulated to a maximum of 60 days. Teachers reaching the maximum accumulation will also receive the annual leave amount at the beginning of each year to be used before accumulated leave.

Teachers missing more than three consecutive work days will: 1) seek building or district administrative approval for additional days off or 2) provide proof of illness to the appropriate administrator and/or the clerk of the board. *Using extended personal leave time during the school year is discouraged due to the negative impact on student learning. Non-illness related leave time requested at the beginning or end of a scheduled school break will not be approved. (Except with Superintendent approval and show of good cause.) Leave may be used by application through the AESOP Program.

Teachers on a contract less than full-time will have leave time prorated to the same amount. Example: If a teacher is a .5 employee, the current leave amount for the year of thirteen (13) would be prorated by .5 or 6.5 days.

Disabilities caused or contributed to by pregnancy or childbirth shall be considered as temporary disabilities and shall be treated as leave.

Professional leave may be taken for the purpose of professional improvement. This leave shall be used for the purpose of conference and visitation and attending seminars and workshops with the prior approval of the superintendent.

All unused leave days will accumulate. After a teacher has accumulated 10 days of leave, the unused leave will be reimbursed at the rate of \$80 per day or added to the accumulated leave as directed by the teacher. The reimbursement does not apply to accumulated leave. KPERS and the employee's share of Social Security will be paid by the employee. If leave days are reimbursed, these days will not be added to accumulated leave.

In the event of reduction in force, teachers with at least 15 years of service to USD 343 will be paid for the remainder of accumulated leave not covered by the reimbursement clause as follows:

- 15 to 19 years of service – teachers will be paid \$60 per day for accumulated leave
- 20 to 24 years of service – teachers will be paid \$70 per day for accumulated leave
- 25 or more years of service – teachers will be paid \$80 per day for accumulated leave

In the event of the death of a teacher while under contract, all accumulated leave will be paid at a rate of \$80 per day.

The following paragraph is added subsequent to final verification of the legality of article 13.36.

Teachers choosing a Career Longevity Step option, as provided in section 13.36, will forfeit all accumulated leave back to the district at that time. For continued years of service, those teachers would be limited to the 13 days of annual leave provided annually as indicated above and would no longer be allowed to accumulate leave.

This item will sunset at the end of the 2023-2024 year and return to item 8.0 from the 2017-2018 negotiated agreement. This will include reference to “sick leave” in items 8.3, 9.0, 9.1, 9.2., and 13.36

The application shall be in writing on a form prescribed by the superintendent and shall explain in detail the length of the desired leave, the purpose of the desired leave and the applicant's reasons why the leave will be of benefit to the individual teacher and the district. The superintendent shall present the request to the Board at its next regular or special meeting together with his recommendation. No sabbatical leave shall be granted for a period longer than one year. The employee receiving a sabbatical leave shall be entitled to movement on the salary schedule as though services had been performed for the district during the period of leave. The Board will continue the payment toward the single membership health insurance policy provided the employee participated in the district’s group health plan prior to the sabbatical leave. Upon retiring from the district with 15 years experience in this district the teacher will be reimbursed for 75% of accumulated leave and after 10 years teaching experience in this district, the teacher will be reimbursed for 50% of accumulated leave. 16.0 RETIREMENT

16.1 Beginning in 2018-19, teachers who have been employed with the school district for ten (10) years and eligible to retire from KPERS by June 30, 2024, will have the option to grandfather into the previous retirement plan. Teachers within this window will be required to notify the district of their retirement plan preference by December 31, 2018. (Contributions by individuals and the district would start with the January 20th, 2019 payroll.)

16.2 Grandfathering Options

If the employee is currently at eighty-five (85) KPERS points and sixty (60) years of age or more, the employee is not eligible to grandfather into the 403(b) plan. This employee would remain eligible for the previously negotiated agreement regarding retirement.

Beginning in 2019-20, part-time teachers who meet the guidelines outlined below will be eligible to participate in the matching 403b retirement plan as printed at a pro-rated amount, based on the percent of the contracted days they work. Part-time teachers will be required to notify the district of their desire to participate by December 31, 2019. (Contributions by individuals and the district will start with the January 20th, 2020 payroll.)

If the employee has seventy-three (73) KPERS points or higher as of August 1, 2018 and is between the age of forty-eight (48) and sixty (60), the employee is eligible to accept a 6:1 match from the district for a period of four (4) years. After the fourth (4th) year, the employee would be eligible for a 1:1 match until the age of sixty-five (65), the employee is KPERS retired, or is no longer employed by the district.

16.2.1 Weighted matching rates/ratios will be used for employees who are more than five (5) years from retirement. Rates will be adjusted by the number of years remaining to reach eighty-five (85) KPERS points. The weighted ratio will return to a 1:1 match once an employee reaches the eighty-five (85) KPERS points. The district's matching benefit will end once the employee reaches 65 years of age, the employee is KPERS retired, or is no longer employed by the district.

16.2.2 Ratios to be used: (Calculated by years needed to reach eighty-five (85) KPERS points. "Half years", (.5) years remain will round up to the next whole year. Weighting is calculated by taking the amount the employee contributes. (Minimum of \$25 per month and a maximum of \$75 per month) times (x) the weighting. Example – The employee contributes \$75 per month at a 6:1 weighting. The amount contributed by the district would be \$450. $(\$75) \times 6 = \450 .)

16.2.3 6 Years – 6:1 match.
7 Years – 4.25:1 match.
8 Years – 4:1 match.
9 Years – 3.25:1 match.
10 Years – 3:1 match.
11 Years – 2.5:1 match.

- 12 Years – 2.2:1 match.
- 13 Years – 2:1 match.
- 14 Years – 1.75:1 match.
- 15 Years – 1.5:1 match.
- 16 Years – 1.5:1 match.
- 17 Years – 1.25:1 match.
- 18 Years – 1.25:1 match.
- 19 & beyond and new employees – no weighting

3. The district’s matching benefit will end once the employee reaches 65 years of age, the employee is KPERS retired, or is no longer employed by the district.
4. A teacher becomes fully vested with the district once they teach or have taught in the district for 10 years;
5. A teacher begins to be vested with the district once they begin their 6th year of teaching.
6. The following vesting schedule will be used:
